## **RF MONOLITHICS, INC. TO PRESENT AT RODMAN AND RENSHAW TECHVEST SECURITY CONFERENCE**

**Dallas, Texas (June 3, 2004)** RF Monolithics, Inc. (NASDAQ:[RFMI](#)) (RFM), a leading developer, manufacturer and supplier of a broad range of radio frequency components, and modules based on surface acoustic wave technology (SAW) will be presenting at the Rodman and Renshaw Techvest Security Conference on Monday, June 7, 2004. The conference is being held at the Mandarin Oriental Hotel in New York City, New York. RFM welcomes this opportunity to discuss its strategy for growth and its participation in supplying SAW components and modules for wireless applications to the automotive, consumer, industrial, medical, security and telecommunications markets worldwide.

You may access the live audio presentation at 9:40 a.m. (EST), June 7, 2004, on RFM's website, click on the Investor Relations page, then click Rodman and Renshaw Conference. A replay will be available following the live broadcast.

For additional information on this and other upcoming RFM events, please visit the RFM website at [www.rfm.com](http://www.rfm.com) and [www.wirelessis.com](http://www.wirelessis.com) or contact the Investor Relations Department at 972-448-3767.

**About RFM**

RFM, headquartered in Dallas, Texas, is a leading developer, manufacturer and supplier of a broad range of radio frequency components and modules based on surface acoustic wave technology for the automotive, consumer, distribution, industrial, medical, security and telecommunication markets worldwide.

### **Forward-Looking Statements**

This press release and the referenced presentation may contain "forward-looking" statements, made pursuant to the Safe Harbor Provision of the Private Securities Litigation Reform Act of 1995, that involve risks and uncertainties. Statement of RFM's plans, objectives, expectations and intentions involve risks and uncertainties. Statements containing terms such as "believe", "expects", "plans", "anticipates", "may" or similar terms are considered to contain uncertainty and are forward-looking statements. .

Further, the Company's actual results could differ materially from those discussed. Factors that could contribute to such differences include, but are not limited to, general economic conditions, acts of war, or acts of terrorism as they affect the Company, its customers and manufacturing partners, the timely development, acceptance and pricing of new products, the successful implementation of improved manufacturing processes, the dependence on offshore manufacturing, the impact of competitive products and pricing, availability of sufficient materials, labor, and assembly capacity to meet product demand, as well as the other risks detailed from time to time in the Company's SEC reports, including the report on Form 10-K for the year ended August 31, 2003. The Company does not assume any obligation to update any information contained in the presentation or this release.
